## PAINT CODES

Actual finish of hulls and decks are either gelcoat, Polytec or acrylic.

For repair procedure, refer to appropriate *CARE AND REPAIR ONLINE BOOKLET* on [www.operators-guides.brp.com](http://www.operators-guides.brp.com).

**NOTE:** Some color codes for dyed plastics or anodized parts may not be available.

All black components are paint code B-160 unless otherwise specified.

To improve color match due to minor color variation, BRP created the following color match sample kits:

- B-397 Ice Metal (P/N 529036501)
- B-414 Long Beach Blue Metallic (P/N 529036502)
- B-416 Teal Blue Metallic (P/N 52936500)

These samples will help you determine the appropriate color variation to apply on the vehicle.

**NOTE:** On deck and hull, use variant paint codes.
