2022	All

PAINT CODES

Actual finish of hulls and decks are either Polytec or acrylic.

For repair procedure, refer to appropriate *CARE AND REPAIR ONLINE BOOKLET* on www.operatorsguides.brp.com.

NOTE: Paint codes are for painted parts only. Color codes for dyed panels or anodized parts are not available.

NOTE: Only on deck and hull, use variant paint codes.

All black components are paint code B-160 unless otherwise specified.

To improve color match due to minor color variation, BRP created the following color match sample kit:

– B-397 Ice Metal (P/N 529036501)

These samples will help you determine the appropriate color variation to apply on the vehicle.
